

Registered Charity No. 1165256

Saturday 13 June 2026
Front Garden Stalls - open 12 noon to 4pm

Following three very popular and successful stalls events, we are looking forward to this year. The shorter opening time requested by many residents was beneficial both to stallholders and customers. A wide range of stalls are being booked around the village. The map of stalls will be available soon after the booking closing date of 6 June - at www.ocadoakley.org.uk on the Front Garden Stalls page - on social media and with hard copies also available.

We really hope local folk will take this opportunity to sell from their own front garden and also have a walk around our lovely village!

OCA is merely facilitating/advertising the event and we are sure you have thought through the safest way to run your stall for all concerned. Please note that it is up to individual stallholders to comply with any current hygiene/health related requirements as we cannot advise on these.

We have, however, made a quick check list which you may find helpful:

1. Have plenty of change
2. Display your sale items clearly priced and visible
3. Food hygiene qualification/insurance cover is essential for stalls selling cooked items
4. Any edible items on sale should be wrapped in clear bags, showing price, contents and allergens
5. No selling of alcohol or licensed products unless you are authorised to

Enjoy the day and thank you for making this community event possible!
